

A young girl with dark skin and curly hair, wearing a red tank top, is leaning against a wall made of mud and wooden poles. She is smiling and looking towards the camera. The wall is made of thick, brown mud with horizontal wooden poles. The background shows more of the wall and some green plants at the bottom.

THE D. GARY YOUNG
YOUNG  LIVING
FOUNDATION

HEALING FAITH UGANDA

*One net. One family.
One day at a time.*

EDUCATE. EQUIP. EMPOWER.

Saving lives and changing communities.

Through The D. Gary Young, Young Living Foundation Malaria Center, Healing Faith Uganda is providing 100,000 villages with access to malaria prevention, testing, and treatment. The center is located near Lake Victoria, where mosquito populations thrive and malaria infections are a persistent problem. Healing Faith also goes village to village, providing community-wide education and installing life-saving mosquito nets in each home.

\$1 TEST AND TREAT A
CHILD WITH MALARIA

\$2 TEST AND TREAT AN
ADULT WITH MALARIA

\$5 PROVIDE A MOSQUITO NET
FOR A FAMILY'S HOME

IN AFRICA, A PERSON DIES FROM MALARIA EVERY 60 SECONDS.
