

# REBUILD NEPAL

*Empowering  
a village.  
Strengthening  
a community.*

THE D. GARY YOUNG  
YOUNG  LIVING™  
FOUNDATION

# FROM RUINED TO RENEWED

*Restoring hope with each brick.*

In 2015, two major earthquakes claimed nearly 9,000 lives in Nepal. Villages in the beautiful Himalayan foothills were completely destroyed. Families were forced to take shelter with livestock before they could build temporary tin homes that are painfully inadequate against the rains and subzero temperatures. After visiting Nepal in January of 2016, Young Living Founder and Chairman D. Gary Young put a plan in place to restore hope in Nepal by rebuilding all 100 homes in the village of Yarsa. His plan and dream was completed in May 2018 when we finished the last home in Yarsa.

## YOUNG LIVING ACADEMY #2

Not only was every home destroyed in the village, but so was the primary school. As part of Gary's vision, we rebuilt the primary school and named it the second Young Living Academy in the word.

WE ARE IN THE PROCESS OF PLANNING OUR NEXT NEPAL PROJECT TO EMPOWER AN UNDERSERVED COMMUNITY STILL RECOVERING FROM THE 2015 EARTHQUAKES.
