OUR MISSION

The D. Gary Young, Young Living Foundation is committed to empowering individuals to achieve their potential and defy limitations by providing wellness and education opportunities to underserved communities.

We envision a world where children are provided with the resources and opportunities necessary to become confident, self-reliant leaders who can take control of their own health, provide for their families, and positively change their community.

100%

One hundred percent of every donation goes directly to a child or person in need. Young Living covers the Foundation's administrative costs, so every cent you donate is used to help others.

PROJECTS AND PARTNERS

YOUNG LIVING ACADEMY *Chongón, Ecuador*

In 2009, Young Living Founder D. Gary Young built the Young Living Academy after watching children enter a run-down school building in the poverty-stricken town of Chongón. The Academy is home to our Sponsor-a-Child program and we fully support and run this school from education to extracurricular activities. The Academy educates 350 students and boasts a 100 percent graduation rate!

REBUILD NEPAL *Yarsa, Nepal*

In 2015, two major earthquakes struck Nepal that destroyed over 900,000 homes and devastated communities. We started by rebuilding 100 homes and a Young Living Academy primary school in Yarsa (Dolakha district). Over the next couple of years, we'll look to help 16 underserved schools and two women's groups that are still struggling to move forward after the earthquakes.

HOPE FOR JUSTICE *U.S., U.K., Norway, Cambodia, Uganda, Ethiopia*

Human trafficking is slavery, and Hope for Justice's goal is to eliminate it by preventing exploitation, rescuing victims, restoring lives, and reforming society. We help by fully supporting several Hope for Justice Lighthouse Centers around the world as well as the Shine Career School in Cambodia. Both programs are helping victims regain hope and achieve their dreams.

SOLE HOPE *Jinja, Uganda*

Jiggers are parasitic insects that can burrow into the feet, spread, and cause extreme pain and infection. Sole Hope's mission is to treat those suffering from jiggers while educating communities on how to prevent and treat foot-related diseases. The organization also provides shoes made from recycled denim and tires to each person they treat to help them stay jigger free.

HEALING FAITH UGANDA *Jinja, Uganda*

Healing Faith Uganda provides malaria prevention, education, and treatment to families in remote villages that have limited access to aid, rendering them extremely vulnerable to this potentially fatal mosquito-transmitted disease. The Foundation's Malaria Center is saving lives and changing communities at the heart of the epidemic by providing free testing and treatment for people suffering from malaria.

LOCAL OUTREACH AND DISASTER RELIEF

Each year, the Foundation aids members who've been heavily affected by natural disasters. In 2017, Young Living provided over \$6 million in hurricane relief aid. The Foundation also contributes to several organizations in the U.S. and in Utah that align with our mission and values. We're honored to work with other nonprofits to ensure more individuals are given the resources they need to thrive.
